

# IAM 4 REPUBLIC MECHANICS

## IAM TO RESPOND TO REPUBLIC'S HIGHLY SUSPECT NMB SUBMISSION REGARDING VOTER ELIGIBILITY LIST

The IAM has requested and has been granted the ability to respond to Republic's very misleading and outright untrue submission regarding what exactly the jobs are of the different groups of workers the company placed on the list of eligible voters.

The IAM felt the need to respond to the NMB to show the inaccuracies of Republic's submission. In fact, in some instances, Republic's submission contradicts the company's own published policies.

The IAM will not allow such gross inaccuracies to go unanswered.

Companies are required to tell the truth in these types of processes before the federal government and it is clear that Republic has absolutely no regard for the truth. It's very obvious at this point that Republic will do anything it can to keep us from forming a union.

We will advise when IAM attorneys have submitted the IAM's response.
